WEATHER FORECASTS.

Rain and stormy weather is due tomorrow, and will likely last for several days, after which we may expeet a sharp cold wave to follow. It is not unlikely that snow equalls may Wednesday. Everything in the house occur in some sections. By the last was destroyed. of the week it will turn much warmen and stormy days will naturally follow. Cold will return again and the chances are that we will have that ice before the month is gone. While weather prophete all agree that there will be several stormy days between Think of it R. & G. corset 95c at The this date and Novem er 1st, it is not Leader." at all likely that we will have much rein until next month.
